THE FRESH PACKAGING IDEA
FOR BAKED GOODS

The Baker Bag at a glance:

Environmentally friendly:

At least 70% less film than with plastic bags

No metallic staple in the bundle

With bottom gusset available, increases filling volume, + 20%

User-friendly tear off system

Paper represents tradition and handcraft and is an ideal advertising medium for your brand

Attractive combination of **paper and film**, always presents baked goods in a fresh, natural and appetising way for the customers and allows visibility at the checkout

Water-based colour and **FSC®** (FSC®-C105659) or **PEFC** certified paper

The size and quality of the Baker Bag can be flexibly selected:

Width (W): 13 - 60 cm
Height (H): 8 - 39 cm
Film (F): 0 - 100% of the front side

MOQ custom size or print:
2 million pcs / run

Optionally with bottom gusset

NEW

Available on stock: 28 x 35 cm
unprinted

Available paper qualities:

40 gsm unbleached Kraft (FSC®-C105659), not grease resistant

Available film qualities for the window:

PET 15 microns or PLA 17 microns

Other paper and film qualities available on demand

Would you like to see your own layout on the Baker Bag?

No problem: just send us your ideas – we'll do the rest!

Prices are available quickly and simply on request. Just give us a call or send us an email.
